## QUESTIONS FOR CLARIFICATION:

Clarification of Answer provided under Amendment # 6:

Q1. Section 03052-7, paragraph 3.1.2.1. Do the secondary storage silos and plant silos for the cementitious materials need to be enclosed in addition to the batch plant?

A1. The secondary silos may be outside the batch plant enclosure.

Clarification: The secondary storage silos and plant silos for the cementitious materials do not need to have enclosed buildings.

New question and answer:

Q1. Please Refer to DWG 037-LCH-94/19 Plan view. The 1 ½" x 1/8" galvanized grating – what bid item does this fall under. Bid item 0064 shows a quantity of 20 SF. However, including the referenced planking, there is about 607 SF of the grating. Please Advise.

A1. The grating as well as all other features on the referenced drawing are considered to be part of the PH treatment system. Therefore, they are included in the PH treatment system payment item - Item # 0146.

This amendment will be issued via the internet only.
